From the PRESIDENT . . .

Children aren't shy about making their voices heard. Depending on the child, it may be a quiet voice or a demanding "I want it now" voice, but if they need something, they will let you know. Our voices are uniquely our own, and our voices are vital to our participation in this world, whether it be a voice we produce with our vocal boxes or through our actions.

LND/SMC is comprised of many individual voices. This individuality is manifest in our different events. Each year, we hold many of the same events, but because different people step up to plan them, the events are unique. Elaine Nicgorski and Mary Lou Derwent planned a beautiful *Scholarship Luncheon* (see p.10) where our scholarship recipients and their mothers felt a warm welcome and where a professor and her student shared how they are speaking up to help countries where counterfeit drugs are impacting people's lives. We felt another warm welcome at the *Mid-Winter Reception* (see p.16), carefully planned by Julie Nelson, who brought together Saint Mary's College students and our members on a snowy evening. Maybe the voices were muffled by snow, but if you listened carefully their hushed message was inspiring.

As the snow melts, spring is making its voice heard, and more member voices are coming together to plan our spring events. The interest groups continue to meet; contact the coordinators for dates and times. *The Spring Fashion Show and Luncheon* (see p.4 & 15) will surely be unique as Diane Entrikin and her committee plan this fun event. And then we will remember the voices that have passed on, when we attend the *Memorial Mass* (see p. 3 & 18), lovingly planned by Marge Marley.

Voices make things happen, like our annual events. They also move our organization forward. Nancy McAdams has been in contact with University of Notre Dame administration and has successfully obtained a space LND/SMC can call home! Read more about it in this newsletter (see p. 16) and watch for further details this fall.

I am grateful for the women who have coordinated events, led our interest groups, and more. Also, I wish to thank the board members and other appointed leaders who have gently guided me this year. Your words are invaluable to me. Together, your voices are what make this organization so vibrant.

Of course, the year is not over yet, and I hope you will share your voice by bringing a friend to one of our remaining events, and making your voice heard at our *Annual Meeting*. In addition to touring Innovation Park, we will vote on two amendments (see p. 3) to our *Bylaws*, one of which is the board's proposal to raise dues from \$20 to \$25. The last time dues were raised was in 2004. Since then we have seen our costs increase, particularly postage for sending newsletters to members without e-mail addresses and newcomers. Also, many committee chairs have been donating their own money to augment the budgeted amount for events they plan. The budgeted amount does not reach as far as it once did. To keep the events at the level our members expect and enjoy, the committee chairs have been more than generous with personal donations. We want to encourage people to help plan these events which we enjoy so much and assure future committee chairs that they will have the funds available to plan them to their satisfaction and for the enjoyment of our

members and newcomers. Your dues support so many valuable events that bring friends together and make newcomers welcome. These connections are priceless, and I ask that you support LND/SMC as it continues its mission each year.

We value the individual voices of our members, and I ask that you also share your voice to plan for next year. Please share your ideas for events, as our Program Chairs for next year will be planning over the summer. Also, take the opportunity to lend your voice to coordinating an event. We want you to give our *Opening Reception, Holiday Tea, Scholarship Luncheon, Mid-Winter Reception* and *Spring Fashion Show* YOUR personal touch. Finally, check with the chair of any interest group you are participating in to see how you can help next year.

The beauty of The Ladies of Notre Dame and Saint Mary's College lies in the women who

participate and make it their own. These are the women who are opening their homes for children's playgroup get togethers, who plan meetups for young mothers, who arrange an "Off the Beaten Path" trip, who open their homes for cooking and book discussions, who chair event committees and make them uniquely special, who bring women together for a movie or just to chat over coffee. LND/SMC has a long tradition of bringing friends together and welcoming newcomers. Members who are active today are keeping the tradition alive and giving it a fresh voice. Thank you LND/SMC for a wonderful year. Your voice is music to my ears.

From the PRESIDENT . . .

The 2012-2013 LND/SMC Annual meeting will present two changes to its Bylaws (*see From the Parliamentarian below*) that have already been approved by the Board. The meeting on Wednesday, April 24, 2013, starting at 7:00 PM will be held at Innovation Park.

For those who have not been in the new building, located diagonally across Angela Blvd from the Compton Ice Rink, this meeting will provide you with a tour of the facilities available to researchers. The purpose of the facility is to "transform innovations into viable marketplace ventures." Think of it like " ... a greenhouse that starts the plants that we purchase, and then we take home to flourish in our gardens." Members can enter the building's parking lot either from Angela Blvd. or from South Bend Ave. The entrance to the building is from the parking lot. Any questions can be directed to the chair.

Chair: Denise Brenner, 855-2571

From the PROGRAM CHAIR . . .

The Annual LND/SMC Memorial Mass will be held on Thursday, May 9, 2013 at 5:00 PM. It is held in the Holy Cross Chapel of the Stimson Remick Engineering Building, which is located on Notre Dame Ave. across from the Eck Visitors Center. Parking is located in the lot directly south of the Hesburgh Center on Notre Dame Ave.

The Ladies have honored deceased members and deceased members of their families at a Memorial Mass since October 1940* when the first Mass was held. By the 1970's this Mass was held on Ascension Thursday as the last event of the year. This Mass is still traditionally held on the first or second Thursday in May. Please come to remember our deceased members and family members who have died during the past year. All the deceased who have been remembered through use of Remembrance Cards will be remembered at this Mass. If you have any questions, please call the chair.

Chair: Marge Marley, 289-9134

**Ladies of Notre Dame (1934-74)* by J. D'Alelio & Elaine Nicgorski, p. 17.

From the Parliamentarian . . .

At the February 25, 2013, Board Meeting, the LND/SMC Board recommended two amendments to the LND/SMC Bylaws. These two changes **require** approval at the Annual Meeting by a **majority** vote of those members **present**, provided that one month's notice of these amendments have been given either by mail or at a previous regular meeting.

The first amendment is to the duties of the Assistant Treasurer .

Article III. Duties of Elected Board Members

Present Section 7. The Assistant Treasurer shall assume the duties of the Treasurer in her absence and shall assist her upon call. She is Treasurer-Elect. (2010)

Proposed Section 7. *The Assistant Treasurer shall disperse funds received from the use of Remembrance Cards and maintain an accurate list of names and donation information. She shall assume the duties of the Treasurer in her absence and shall assist her upon call. She is Treasurer-Elect. (2013)*

The second amendment is to fiscal policies.

FISCAL POLICIES

The Executive Board of LND/SMC recommended that the annual dues be raised from Twenty dollars (\$20) to Twenty-five dollars (\$25).

"WOMEN EMPOWERING WOMEN"

is the theme of this year's annual Spring Luncheon and Fashion Show. It will be held on Saturday, May 4, 2013, at *Knollwood Park Country Club*. The luncheon will begin at 11:30 AM. Fashions this year will be provided by "White House | Black Market," located in the Heritage Square shopping center. Please join us for a fun filled afternoon and invite family and friends, as well. Tables will seat eight people. Any and all proceeds from this luncheon will be given to the LND/SMC Scholarship Fund for Local Women. The reservation form is included in this newsletter (*See p. 15*)

In keeping with the theme, four women have been invited, who will sell items benefiting local and international charities. Proceeds will benefit *St. Margaret's House, Bead for Life*, as well as a community in Nicaragua and an orphanage in Nepal. Our fashion show sponsors will provide items for sale, as well.

Bead for Life

Many of you have already provided items for our "White Elephant | Black Elephant" door prizes. A description and reminder is included in the adjoining column. This should be fun for all of us and we appreciate all of your donations.

We will be raffling off these door prizes as well as a "Girls Night Out" party provided by "Black House | White Market." The winner of this party will receive a \$25 gift certificate and will take her friends to the store, after hours, with the store providing personal shoppers, refreshments, and a ten percent discount on clothing. Each person attending the luncheon will at check-in be given two numbered tickets. The choices will be:

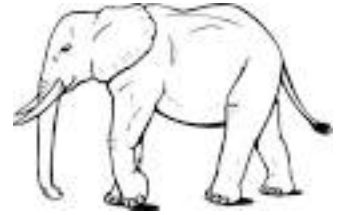

- 1. Putting one ticket in the "White Elephant | Black Elephant" bowl and one ticket in the "Girls Night Out" bowl.
- 2. Putting both tickets in the "White Elephant | Black Elephant" bowl.
- 3. Putting both tickets in the "Girls Night Out" bowl. See you at the luncheon,

Diane Entrikin, 387-4968
<spedtcher1@gmail.com> 4

What is

a "WHITE ELEPHANT | BLACK ELEPHANT?"

Instead of featuring door prizes, the luncheon committee is planning something a little different. We are asking members of LND/SMC to check their dresser drawers and closets for "white elephant" items to donate. White elephant items are **new, unused items** which no longer have value to the owner but may be of value to others. These would include items which are:

- the wrong color
- not your style
- not a fragrance you enjoy
- not an item you want to keep
- too flashy - too conservative
- duplicates of items you already have
- something which doesn't match anything in your home or wardrobe
- an item you do not want or need. These can be jewelry, books, scarves, candles, note paper, stationery, puzzles, etc. are just a few ideas of items to donate. **Only new and unused items, please. NO articles of clothing, even if new, can be accepted.**

All items donated will be wrapped by members of the committee. Attendees will receive numbered tickets as described in the previous article. Tickets will be drawn from each of the three bowls and the winner will be given one of the wrapped gifts.

We are hoping to have some fun with this activity and hopefully many women will go home with items they will enjoy.

If you check your closets and drawers and find an item or items which you would like to donate, please contact one of the women listed below to arrange a day to drop off the treasures. The final day for donations will be Saturday, April 20, 2013.

SUMMARY OF LND/SMC BOARD MEETING FEBRUARY 27, 2013

The LND?SMC Board met at the Harris Branch Library on February 27, 2013. After approving the prior meeting's minutes and the Treasurer's Report, the board received updates on the program and upcoming events, areas where the budget may need to be adjusted next year, potential changes to be made to its by-laws, its request for office space and its fundraising efforts.

The Board discussed at length two potential changes to the by-laws. First, it has been proposed to add the processing of any Remembrance Cards to the duties of the Assistant Treasurer. Second, the Board has recommended that the annual dues be increased \$5 effective September 2013. The details regarding both proposals were sent to the group via email earlier in March and have been included in this newsletter as well. The vote for these proposals will be held at the Annual Business Meeting on April 24, 2013. A **majority** of those members **present** at this meeting is required for passage.

As of this newsletter printing, we have raised just over \$1,000 from our gift wrapping events for the scholarships at Notre Dame and Saint Mary's College. We have two more dates during graduation weekend (May 15 and 18) to raise some additional funds. Due to the generous gifts given in honor of LM Nancy Lucey, it has been decided that the scholarship to a Saint Mary's student next year will not only be from the Ladies of Notre Dame and Saint Mary's College but also specifically named in honor of Nancy Lucey.

Our final discussion centered around the *exciting* news that the Ladies has been offered some office space in the old security building on Notre Dame's campus. This would allow us a physical location as well as a phone number. The space has 2 closets and enough space to hold small meetings. Notre Dame has offered to re-paint and re-carpet the space. More details can be found in the newsletter. (See p. 16)

Eleanor Rebecca Dunn Burke

November 30, 1915 - January 21, 2013

"She enjoyed life to the fullest"

Eleanor Rebecca Dunn Burke, 97, was born in Philadelphia, PA, to William R. and Marie Dunn. She graduated from *Oberlin College*, Ohio, in 1936 majoring in Sociology and from Pierce Business School, Philadelphia, PA, in 1937. She moved to Highstown, NJ, to work as secretary to the Head-master of *The Peddle School*. It was there that she met William R. Burke, (who preceded her in death on April 10, 1982). In Reading, PA, on August 24, 1940, she married him. She lived in San Antonio during WW II where William was a Captain in the Army. They returned to New Jersey where William earned his graduate degree in English at the University of Pennsylvania. Upon reception of his doctorate in 1949, William accepted a teaching position in the English Department at Notre Dame and they moved to South Bend, IN.

Throughout her time at Notre Dame, Eleanor was an active member of the LND/SMC, serving as a Board Member for Life Members as well as President in 1981-82. She attended many classes at Notre Dame. Few knew that from 1958-78 she taught dancing at the Junior Dance Assembly. She was active in politics as a member of the St. Joseph County Republican Women's Club. A natural athlete, Eleanor played basketball in her youth, was an active swimmer and played tennis and golf well into her eighties. Since 1949 she attended all but three ND home football games and nearly every ND basketball game. Those who knew her were very much aware that she enjoyed life to the fullest: playing bridge and attending book club discussion as well as traveling, spending time with her children, grandchildren, relatives and friends around the country and the world.

Eleanor is survived by one daughter, Kathleen Werner of Germantown, TN and two sons, William R., Jr. (Ling) of Granger, IN and Peter (Nancy) of Cota de Caza, CA, nine grandchildren and nine great-grandchildren. A Mass of Christian Burial was celebrated, Friday, January 25, 2013, in Sacred Heart Basilica, Notre Dame, IN. Graveside services and burial followed at Cedar Grove Cemetery. Memorials in honor of Eleanor Burke were made to the Notre Dame Hesburgh Library and the LND/SMC Scholarship for Local Women at the University of Notre Dame, 110 Grace Hall, Notre Dame, IN 46556.

"She was always the nurse & caregiver"

June Marion Critchley was born June 18, 1935, in Stockport, England, to William and Olive Critchley. After WW II, she finished school and enrolled in the Manchester Royal Infirmary School for Nursing. It was during this time she met John Kerry Thomas, who was pursuing a doctorate at the University of Manchester. They were married February 28, 1959, in Heaton Moor, England. In 1960 they moved to Downers Grove, IL, USA, where Kerry worked at Argonne National Laboratories. During this time a daughter and son were born. In 1969, June and Kerry moved to South Bend when Kerry was hired by Notre Dame, at which time a second son was born.

She traveled around the world with her husband and returned frequently to the British Isles. For many years her family had a lake cottage in Michigan where she greatly enjoyed the birds and nature.

June passed away at home surrounded by her family after a very short battle with cancer. She is survived by her husband Dr. J. Kerry Thomas, her daughter Delia (Dave Skora) and two sons: Roland (Kim) Thomas, Valparaiso, IN, and Roger (Amy) Thomas, South Bend, IN, and eight grandchildren. Margarita (Mickey) Corbaci passed away in her home in South Bend, IN. She was born to Joseph and Margaret (Kennedy) Williams in Albany, NY, on September 13, 1921. She graduated from Vincentian Institute in Albany, NY, in 1939. From the PROGRAM CHAIR . . .

On February 16, 2013, members and guests of LND/SMC were treated to not only an enjoyable lunch in a beautiful room in SMC Student Lounge but also to a very interesting presentation by SMC Chemistry Prof. Toni Barstis and her accomplished dual 5th year SMC Chemistry / ND Engineering student, Diana Vega Pantoja. A SMC Chemistry research team has developed a relatively inexpensive and quick method for detecting counterfeit acetaminophen and has applied for the first patent at SMC. This paper device can be very useful in places where modern laboratories are unavailable.

For most of the attendees, how medicine is delivered in pills, the dosage of the drugs, the fillers in the pills and the difficulty in detecting "fakes" was new information. Counterfeit drugs are a \$70-300 billion business worldwide.

Prof. Toni Barstis (left) and Diana Vega Pantoja

In addition, both speakers spoke about how their interest in science developed, how they arrived at SMC and their interest in both continuing and enhancing their careers in science.

The 2012-13 Scholarship recipients and their mothers were also recognized. Each was introduced by the President Linnea Lannon.

Taylor Evans Thomas ND '13 was not able to be present as she was attending an interview for graduate school at the University of North Carolina. Her mother Lori Thomas attended.

From left: Gloria Kim, Past-President, Lori Thomas, and Denise Brenner, Program Chair

Taylor is a St. Joseph High School graduate and was a LND/SMC scholarship recipient last year as well as this year. She is currently a senior and will be graduating in May. In addition to writing her Senior Honors Thesis, she has worked in the ND Development and Psychopathology Research Lab under the guidance of Dr. Kristin Valentino., with plans of presenting my work at conferences in both Chicago, IL, and Seattle, Washington. This work has provided for opportunities to be invited to interview at several universities in pursuit of a Ph.D. in Psychology. In her graduate studies, she plans on continuing "to explore familial processes within at-risk populations to inform intervention and prevention programs." Taylor has thanked the organization for what it does in supporting the education of local women.

Kourtney Keck and her mother Cathy Keck

Kourtney Keck ND'13 is a first year recipient of the Ladies scholarship. Kourtney is a graduate of New Carisle High School. Presently, a ND senior Sociology major with a minor in International Peace Studies. She is currently volunteering at *The Center for the Homeless*. She goes once a week for a few hours. She spends her time with the kids who live there, helping them with homework, reading with them, and also playing games. During her junior year and summer she interned and volunteered at the Salvation Army Center working in the food pantry and with financial services. In addition during the past years she has been a *Take Ten* volunteer where she teaches conflict resolution to students in the South Bend area.

After graduation she will be joining, for the 2013-2014 school year, *City Year Chicago*, an Americorps program. During that time she will be serving in a low-income public school

in the city, assisting teachers in improving students' attendance, social behavior, and course performance. The goal of the program is to encourage students to stay in school and graduate. She is a brave young woman choosing a tough and demanding career. We wish her well.

Meredith Mersits and her mother Melissa Mersits

Meredith Mersits SMC '15 is a graduate of St. Joseph High School, South Bend. She entered Saint Mary's with the intention of being a nurse but changed her major this year to Social Work, with a minor in Biology. This semester she started working at The Center for the Homeless, having also done service at The Food Bank of Northern Indiana. She has participated in the CAT (College Academy Of Tutoring) program at Saint Mary's. This program partners SMC students with Title 1 elementary schools in the role of tutors, reading partners and teacher's assistants.

Meredith's mother says: "The past year for Meredith has been very good. In Fall 2012 she was selected as a co-captain of SMC's Volleyball Team, which as a sophomore is a great accomplishment." Meredith is a representative for SAAC, which is a student-athlete run group to discuss athletics with women from different sports. Through volleyball, she did service at Logan Center and planned SMC's "*Crush for the Cure*" event for a fellow alumna basketball player, who was diagnosed with Lymphoma. She was also asked to be interviewed in the Winter edition of *Saint Mary's College Courier*, "Athletics and Forty Years of Growth." Her Mom said, "Most importantly, this past semester, Meredith made the Dean's List!" Her parents thank LND/SMC for its assistance and generosity in awarding her this scholarship.

CREATIVE COOKING

The Creative Cooking Group meets once a month, usually on a Tuesday evening, to learn new recipes, cooking techniques, and about other food cultures.

Lebanese cooking was the topic of its January meeting. They enjoyed a healthy menu of stuffed grape leaves, Baba Ghanoush with Man'oushi (spiced pita bread), Fattoush (salad), Lentils and Rice, and Baked Kibbi. Semolina Cake, stuffed dates, and pistachios were served for dessert. The February meeting featured "good ole Southern" cooking and was open to couples. Besides enjoying the company of the men, members savored a buffet of Pinto Beans with Ham, Hoppin' John (a rice dish with pork or bacon), Turnip Greens, Fried Okra (done right!), Pickled Beets, Cucumbers in Sour Cream, and, of course, corn muffins and biscuits. Blackberry Cobbler, Peach Cobbler, and ice cream topped off a wonderful evening of down-home food and Southern hospitality.

In March, Hawaiian/ Asian Fusion was the theme. The evening began with appetizers of Chinese Dough and Shrimp on a stick, Poke, and Mango salsa and chips and progressed to the main courses of Asian Linguine, Spam (yes, Spam) Fried Rice, and Crab Salad. Dessert consisted of Haupia Pie with Macadamia Nut Crush and Mochi. Some pretended they were in sunny Hawaii by dressing in tropical garb. Aloha!

Donna Cox, third from right, was the hostess and chair of Hawaiian/Asian Fusion Night

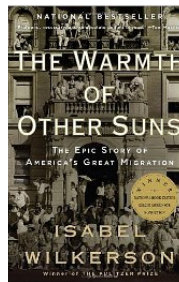

Upcoming meetings are:

- Saturday, April 13 - Spring Brunch: Breakfast
- Tuesday, May 7 - Planning Meeting

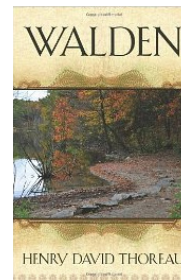

If you are interested in joining the Creative Cooking group, please contact Carol Cosimano at 271-9049 or ccosimano74@yahoo.com .

HARPER CANCER RESEARCH INSTITUTE

*LND/SMC member Edwaine
Jean-Pierre (left)
and Dr. Sharon Stack*

On Thursday, March 4, 2013, Dr. M. Sharon Stack, the Director of Harper Cancer Research Institute, University of Notre Dame, welcomed 18 members of LND/SMC to a presentation and tour of the newest research institute at Notre Dame. Since her appointment in 2011, Dr. Stack has put together undergraduates, graduate students, Institute professionals and Faculty from across many Notre Dame departments (psychology, applied mathematics/computing science, biology, chemistry, biochemistry, physics and engineering) and local medical foundations, e.g. South Bend Medical Foundation, to build on cancer research throughout the state of Indiana.

She cited how the collaborative works of many investigators in diverse areas of science have incorporated imaginative uses of science techniques not used previously in such research. Not all of the laboratories in the building are in use as Dr. Stack is still in the stage of inviting scientists to the Institute, especially those "who can develop animal tumor research." The equipment in the building is "state of the art" and garnered a comment from one attendee who had in the past "spent hours with shaking hands and a very sharp knife cutting tissues and making slides," whereas now this is done by machine much more precisely and economically. The institute has a tissue tumor bio-repository for what was formerly considered medical waste. Tissue samples, taken with patient's permission, have record solely of gender, age and diagnosis. Freezers are held at (- 81)° C. or (-133.8)° F. This is really cold! Dr. Stack stated that "basic research is a good investment and it is good government policy to fund such research as it increases economic gain" in a society.

It was suggested that if you have the opportunity to visit this center, go.

DINNER & A MOVIE: BAND OF SISTERS

A dozen interested and energetic women gathered for dinner at *Legends* on Thursday, February 21, 2013, prior to the viewing of *Band of Sisters* at the ND Browning Cinema. It was a sell-out crowd for the 87 minute documentary film depicting the work of “women religious who have answered the call of Vatican II to serve the poor and disenfranchised and to become activists in the work for social justice.” (*NCR Heidi Schlumpf*) These women are working for civil rights, women’s rights, immigration reform and environmental justice, among many of their causes.

Filmmaker Mary Fishman (ND ‘83) spoke to the attendees after the screening and joined them for a reception in the lobby after answering questions from the audience. Educated by the Dominican and Mercy sisters in Chicago prior to attending ND’83, Fishman featured many of these congregations in her film as well as the IHMs. Much of the historical footage came from the archives of the Sisters of the Holy Cross. Fishman has attracted near sell-out crowds at screenings across the US. If opportunity presents itself to see this film and you are interested in this topic, it is advised that you go. Special thanks go to Nancy McAdams and Brigid Edmonds for arranging the night.

WHERE AND WHAT IS THE WESTLAKE OFFICE?

The LND/SMC has been granted official office space in Westlake Hall, the old security building, on the campus of UND. A few months ago, Nancy McAdams, Linnea Lannon, and Gloria Kim met with Dr. John Affleck-Graves to discuss the need of our organization for an office on campus where all of our members could come to access information about everything LND/SMC does for the campus and community life, as well as, a center for management of our activities. It will be the place that newcomers will receive their first welcome. The new carpet has been chosen by several board members who are working with ND Academic Space Manage to give the office a total make-over during the next few weeks. Stay tuned for the opening date. If you would like to participate in the office project design, please e-mail President Linnea Lannon at <ClanLannon@yahoo.com>.

MID-WINTER RECEPTION SMC WELCOME CENTER

It was a typical night for the Mid-Winter Reception on February 19, 2013. It was snowing! However, Julie Nelson gathered students from SMC, newcomers and members to find out what two of the SMC students have been engaged in during the past year.

Senior Monica Murphy talked about the “Beautiful You” app that she has co-developed as a way to give young women, who are overly concerned about their physical appearance, positive reinforcement and motivation in their lives. It is an inspirational app.

Kaitlyn Rabach, SMC ‘15, shared her experience of the five week women’s leadership program that brought 19 undergraduate women from Egypt, Libya, Tunisia, Mongolia, and Burma(Myanmar) to the Saint Mary’s College campus last summer. This program was funded by the US Department of State and directed by the College’s Center for Women’s Intercultural Leadership (CWIL)
